NOTICE OF SPECIAL MEETING

TO BE HELD ON JANUARY 17, 2025

TO THE STOCKHOLDERS OF LUXURBAN HOTELS INC.:

You are cordially invited to attend the Special Meeting (the “Special Meeting”) of LuxUrban Hotels Inc. (the “Company,” “we,” “us” or “our”) to be held virtually at 11:00 a.m. Eastern Time on Friday, January 17, 2025, at <https://www.cstproxy.com/luxurbanhotels/sm2025>, for the sole purpose of considering and voting upon the following proposals:

- a proposal (“*Reverse Stock Split Proposal*”) to amend our Amended and Restated Certificate of Incorporation (the “*Charter*”) to effect a reverse stock split (the “*Reverse Stock Split*”) of our outstanding Common Stock by a ratio in the range of one-for-three to one-for-ten and to authorize our board of directors to implement the reverse stock split by filing an amendment to our Charter;
- a proposal to adjourn the Special Meeting to a later date or dates, if the Company determines that additional time is necessary to seek stockholder approval of the Reverse Stock Split Proposal (the “*Adjournment Proposal*”).

The Reverse Stock Split Proposal and the Adjournment Proposal are more fully described in the accompanying proxy statement.

The Special Meeting will be a virtual meeting. You will be able to attend and participate in the Special Meeting online by visiting <https://www.cstproxy.com/luxurbanhotels/sm2025>. Please see “*Questions and Answers about the Special Meeting — How do I attend the Special Meeting?*” for more information.

The Company’s Board has fixed the close of business on December 31, 2024 as the date for determining the Company’s stockholders entitled to receive notice of and vote at the Special Meeting and any adjournment thereof. Only holders of record of the Company’s shares of Common Stock and the Company’s Series B Preferred Stock on that date are entitled to have their votes counted at the Special Meeting or any adjournment thereof. As of the record date, there were 3,943,699 shares of Common Stock outstanding and one share of the Company’s Series B Preferred Stock outstanding. A complete list of stockholders of record entitled to vote at the Special Meeting will be available for ten days before the Special Meeting at the Company’s principal executive offices for inspection by stockholders during ordinary business hours for any purpose germane to the Special Meeting. For each proposal on the agenda for the Special Meeting, a holder of Common Stock has one vote for each share of Common Stock owned as of the Record Date. The holder of the one outstanding share of our Series B Preferred Stock has 20,000,000 votes but only has the right to vote on the Reverse Stock Split Proposal set forth herein, and the Series B Preferred Stock votes must be voted in the same proportion as the votes cast by shares of Common Stock on each such Proposal. For example, for the Reverse Stock Split Proposal, if 60% of the votes cast by holders of Common Stock vote “For” the proposal and 40% vote “Against” the proposal, the voting of the Series B Preferred Stock will also be counted at 60% vote “For” and 40% vote “Against”.

After careful consideration of all relevant factors, the Company’s Board has determined that the proposals to be presented at the Special Meeting are fair to and in the best interests of the Company and its stockholders, and has declared it advisable and recommends that you vote or give instruction to vote “FOR” the Reverse Stock Split Proposal and “FOR” the Adjournment Proposal, if presented.

Enclosed is the proxy statement containing detailed information concerning the proposals. Whether or not you plan to attend the Special Meeting, the Company urges you to read this material carefully and vote your shares.

Thank you for your attention to this matter.

December 31, 2024

By Order of the Board of Directors

/s/ Brian Ferdinand

Chairman of the Board

Your vote is important. Please sign, date and return your proxy card as soon as possible to make sure that your shares are represented at the Special Meeting. If you are a stockholder of record, you may also cast your vote virtually at the Special Meeting by submitting a ballot via the live webcast. If your shares are held in an account at a brokerage firm or bank, you must instruct your broker or bank how to vote your shares, or you may cast your vote virtually at the Special Meeting by obtaining a proxy from your brokerage firm or bank. Your failure to vote or instruct your broker or bank how to vote will have the same effect as voting against the Reverse Stock Split Proposal.

Important Notice Regarding the Availability of Proxy Materials for the Special Meeting to be held on January 17, 2025: This notice of meeting and the accompany proxy statement are available at <https://www.cstproxy.com/luxurbanhotels/sm2025>.

SPECIAL MEETING

TO BE HELD ON JANUARY 17, 2025

PROXY STATEMENT

This proxy statement and the accompanying form of proxy is furnished to stockholders of LuxUrban Hotels Inc. (the “Company,” “we,” “us” or “our”) in connection with the solicitation of proxies by the Company’s board of directors (the “Board”) for use in voting at the Company’s Special Meeting (the “*Special Meeting*”) to be held virtually at 11:00 a.m. Eastern Time on Friday, January 17, 2025, at <https://www.cstproxy.com/luxurbanhotels/sm2025>, for the sole purpose of considering and voting upon the following proposals:

- a proposal (“*Reverse Stock Split Proposal*”) to amend our Amended and Restated Certificate of Incorporation (the “*Charter*”) to effect a reverse stock split (the “*Reverse Stock Split*”) of our outstanding Common Stock by a ratio in the range of one-for-three to one-for-ten and to authorize our board of directors to implement the reverse stock split by filing an amendment to our Charter (the “*Reverse Stock Split*”);
- a proposal to adjourn the Special Meeting to a later date or dates, if the Company determines that additional time is necessary to seek stockholder approval of the Reverse Stock Split Proposal (the “*Adjournment Proposal*”).

The Reverse Stock Split Proposal and the Adjournment Proposal are more fully described in this proxy statement.

The Special Meeting will be a virtual meeting. You will be able to attend and participate in the Special Meeting online by visiting <https://www.cstproxy.com/luxurbanhotels/sm2025>. Please see “*Questions and Answers about the Special Meeting — How do I attend the Special Meeting?*” for more information.

The Board has fixed the close of business on December 31, 2024 as the date for determining the Company’s stockholders entitled to receive notice of and vote at the Special Meeting and any adjournment thereof. Only holders of record of the Company’s shares of Common Stock on that date are entitled to have their votes counted at the Special Meeting or any adjournment thereof. As of the record date, there are 3,943,699 shares of Common Stock and one share of Series B Preferred Stock outstanding. A complete list of stockholders of record entitled to vote at the Special Meeting will be available for ten days before the Special Meeting at the Company’s principal executive offices for inspection by stockholders during ordinary business hours for any purpose germane to the Special Meeting.

On December 24, 2024, the Company entered into a Purchase Agreement (the “Purchase Agreement”) with Brandon Elster (the “Purchaser”), the Company’s President and Chief Development Officer, pursuant to which the Company issued and sold one share of the Company’s newly designated Series B Preferred Stock, par value \$0.00001 per share (the “Series B Preferred Stock”), to the Purchaser for a purchase price of \$100.00. Pursuant to the Purchase Agreement, the Purchaser has agreed to cast the votes represented by the share of Series B Preferred Stock on the Reverse Stock Split Proposal described herein in the same proportion as shares of Common Stock of the Company are voted (excluding any shares of Common Stock that are not voted, whether due to abstentions, broker non-votes or otherwise) on such Proposal; provided, that unless and until at least 33-1/3% of the outstanding shares of Common Stock on the record date established for the meeting of stockholders at which such Proposal is presented are present in person or represented by proxy at such meeting, the Purchaser will not vote the share of Series B Preferred Stock on such Proposal.

After careful consideration of all relevant factors, the Company’s Board has determined that the proposals to be presented at the Special Meeting are fair to and in the best interests of the Company and its stockholders, and has declared it advisable and recommends that you vote or give instruction to vote “FOR” the Reverse Stock Split Proposal and “FOR” the Adjournment Proposal, if presented.

This proxy statement contains important information about the Special Meeting and the proposals described herein. Please read it carefully and vote your shares.

This proxy statement is dated December 31, 2024, and is first being mailed to stockholders on or about that date.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING

These Questions and Answers are only summaries of the matters they discuss. They do not contain all of the information that may be important to you. You should read carefully the entire document, including the annexes to this proxy statement.

- Q. Why am I receiving this proxy statement?**
- A. The Company seeks stockholder approval of the Reverse Stock Split Proposal and will be holding the Special Meeting to vote on such proposal. The Board is soliciting proxies of stockholders to be voted at such meeting on this proposal and, if necessary, the Adjournment Proposal.
- Q. What is being voted on?**
- A. You are being asked to vote on two proposals:
- a proposal to amend our Amended and Restated Certificate of Incorporation (the “*Charter*”) to effect a reverse stock split (the “*Reverse Stock Split*”) of our outstanding Common Stock by a ratio in the range of one-for-three to one-for-ten and to authorize our management to implement the reverse stock split by filing an amendment to our Charter — the Company refers to this proposal as the “*Reverse Stock Split Proposal*”;
 - a proposal to adjourn the Special Meeting to a later date or dates, if the Company determines that additional time is necessary to seek and obtain stockholder approval of the Reverse Stock Split Proposal — the Company refers to this proposal as the “*Adjournment Proposal*”.
- Q. Why is the Company proposing the Reverse Stock Split Proposal?**
- A. As of the record date, the Company had outstanding 3,943,699 shares of Common Stock and one share of Series B preferred stock. The Company believes it needs to materially increase the number of shares available for use in connection with equity-based financing transactions, potential strategic acquisitions and general operating initiatives. Further in order to comply with Nasdaq continued listing requirements, it is imperative that the Company maintain a minimum bid price for each share of its outstanding Common Stock of at least \$1.00. Accordingly, the board determined it to be in the best interests of the Company and its stockholders to approve the Reverse Stock Split Proposal through which the number of shares of outstanding Common Stock will be reduced as further described herein while the current authorized capital stock remains at 200 million shares of Common Stock and 20 million shares of preferred stock.
- Q. Why is the Company proposing the Adjournment Proposal?**
- A. The Company is proposing the Adjournment Proposal to provide flexibility to adjourn the Special Meeting to give the Company more time to seek stockholder approval of the Reverse Stock Split Proposal if necessary. If the Adjournment Proposal is not approved, the Company will not have the ability to adjourn the Special Meeting to a later date for the purpose of soliciting additional proxies.

- Q. How do the Company’s executive officers, directors and affiliates intend to vote their shares?**
- A. All of the Company’s directors, executive officers, and their respective affiliates are expected to vote any shares of Common Stock over which they have voting control in favor of the Reverse Stock Split Proposal and Adjournment Proposal, if presented. On the record date, shares held by our directors and officers represented an aggregate of approximately 9% of the Company’s issued and outstanding shares of Common Stock and 100% of the outstanding Series B Preferred Stock. Any transactions by such persons in the Company’s securities between the date stated in such section will be publicly disclosed by the appropriate filing(s) with the U.S. Securities and Exchange Commission (the “SEC”). Subject to the limitation described herein, the voting power of the share of Series B Preferred Stock shall be voted in the same proportion as the shares of Common Stock of the Company are voted as further described below under “*Description of Series B Preferred Stock.*”
- Q. What vote is required to adopt each proposal?**
- A. *Reverse Stock Split Proposal.* Approval of the Reverse Stock Split Proposal will require the affirmative vote of at least a majority of the outstanding voting power of the Company, with our Common Stock and Series B Preferred Stock voting as a single class.
- Adjournment Proposal.* Approval of the Adjournment Proposal, if presented, will require the affirmative vote of the holders of a majority of the Company’s shares of Common Stock represented in person (including virtually) or by proxy at the meeting and entitled to vote on such proposal.
- Q. How do I change my vote?**
- A. If you have submitted a proxy to vote your shares and wish to change your vote, you may do so by delivering a later-dated, signed proxy card to the Company’s secretary prior to the date of the Special Meeting or by voting virtually by submitting a ballot at the Special Meeting live webcast. Attendance at the Special Meeting alone will not change your vote. You also may revoke your proxy by sending a notice of revocation to the Company’s counsel, Sichenzia Ross Ference Carmel LLP, at 1185 Avenue of the Americas, 31st Floor, New York, New York 10036.
- Q. How are votes counted?**
- A. Votes will be counted by the inspector of election appointed for the meeting, who will separately count “FOR” and “AGAINST” votes, abstentions and broker non-votes. If a stockholder fails to vote shares by proxy or to vote virtually by submitting a ballot at the Special Meeting live webcast, such shares will not be counted towards the number of shares of Common Stock required to validly establish a quorum.

Because the approval of the Reverse Stock Split Proposal requires the affirmative vote of at least a majority of our outstanding voting power, abstentions and broker non-votes will have the effect of a vote “AGAINST” the Reverse Stock Split Proposal. Notwithstanding the foregoing, for each proposal on the agenda for the Special Meeting, a holder of Common Stock has one vote for each share of Common Stock owned as of the Record Date. The holder of the one outstanding share of our Series B Preferred Stock has 20,000,000 votes but only has the right to vote on the Reverse Stock Split Proposal set forth herein, and the Series B Preferred Stock votes must be voted in the same proportion as the votes cast by shares of Common Stock on such Proposal. For example, for the Reverse Stock

Split Proposal, if 60% of the votes cast by holders of Common Stock vote “For” the proposal and 40% vote “Against” the proposal, the voting of the Series B Preferred Stock will also be counted at 60% vote “For” and 40% vote “Against”.

Q. If my shares are held in “street name,” will my broker automatically vote them for me?

A. If your shares are held by your broker as your nominee (that is, in “street name”), you may need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary” items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange applicable to member brokerage firms. These rules provide that for routine matters your broker has the discretion to vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

Your broker, bank, or nominee can vote your shares without receiving your instructions on “routine” proposals only. Your broker, bank, or nominee cannot vote your shares with respect to “non-routine” proposals unless you provide instructions on how to vote in accordance with the information and procedures provided to you by your broker, bank, or nominee.

The Reverse Stock Split Proposal is considered a non-routine proposal. Accordingly, your broker, bank, or nominee may not vote your shares with respect to these proposals unless you provide voting instructions.

The Adjournment Proposal is considered a routine proposal. Accordingly, your broker, bank, or nominee may vote your shares with respect to such proposal without receiving your instructions.

Q. What is a quorum requirement?

A. The presence, by virtual attendance, remote communication, if applicable, or represented by proxy duly authorized, of the holders of one-third (33-1/3%) of the outstanding shares of Common Stock on the Record Date and entitled to vote at any meeting of stockholders shall constitute a quorum for the transaction of business at the Special Meeting. On the Record Date, there were 3,943,699 shares of Common Stock outstanding and entitled to vote and one share of Series B Preferred Stock outstanding and entitled to vote on the Reverse Stock Split Proposal (subject to the requirements set forth in the Certificate of Designation for the Series B Preferred Stock being satisfied) and Adjournment Proposal. Thus, in addition to the presence of the Series B Preferred Stock at the meeting, the holders of 1,314,567 shares of Common Stock must be present by virtual attendance or represented by proxy at the Special Meeting to have a quorum.

In addition, unless at least one-third of the shares of Common Stock outstanding on the Record Date are present by virtual attendance at the Special Meeting or represented by proxy, the holder of Series B Preferred Stock will not cast any votes on any Proposal.

Your shares will be counted toward the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote online during the Special Meeting. Abstentions will be counted toward the quorum requirement.

If there is no quorum, the Special Meeting may be adjourned to another date by the holders of a majority of shares present by virtual attendance at the meeting or represented by proxy or by the chairperson of the meeting without any action by the stockholders to permit further solicitation of proxies.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote virtually by submitting a ballot at the Special Meeting live webcast. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the Special Meeting may adjourn the Special Meeting to another date.

- Q. Who can vote at the Special Meeting?** A. Only holders of record of the Company's shares of Common Stock and Series B Preferred Stock at the close of business on December 31, 2024 are entitled to have their vote counted at the Special Meeting and any adjournments or postponements thereof.

As of the Record Date, 3,943,699 shares of Common Stock and one share of Series B Preferred Stock were outstanding. Each stockholder is entitled to one vote for each share of Common Stock and 20,000,000 votes for each share of Series B Preferred Stock held by such stockholder on the Record Date.

Stockholder of Record: Shares Registered in Your Name. If on the record date your shares were registered directly in your name with the Company's transfer agent, Continental Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote virtually at the Special Meeting by submitting a ballot at the live webcast or you may vote by proxy. Whether or not you plan to attend the Special Meeting, the Company urges you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank. If on the record date your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Special Meeting. However, since you are not the stockholder of record, you may not vote your shares virtually at the Special Meeting unless you request and obtain a valid proxy from your broker or other agent.

- Q. How do I attend the Special Meeting?**
- A.** The Special Meeting will be a virtual meeting. Any stockholder wishing to attend the Special Meeting must register in advance. To register for and attend the Special Meeting, please follow these instructions as applicable to the nature of your ownership of the Company’s shares of Common Stock:
- Record Owners.* If you are a record holder and you wish to attend the Special Meeting, go to <https://www.cstproxy.com/luxurbanhotels/sm2025>, enter the control number you received on your proxy card or notice of the meeting, and click on the “Click here to preregister for the online meeting” link at the top of the page. You will need to log back into the meeting site using your control number immediately prior to the start of the Special Meeting. You must register before the meeting starts.
- Beneficial Owners.* Beneficial owners who wish to attend the Special Meeting must obtain a legal proxy from the stockholder of record and e-mail a copy of their legal proxy to proxy@continentalstock.com. Beneficial owners should contact their bank, broker, or other nominee for instructions regarding obtaining a legal proxy. Beneficial owners who e-mail a valid legal proxy will be issued a meeting control number that will allow them to register to attend and participate in the Special Meeting. You will receive an e-mail prior to the meeting with a link and instructions for entering the Special Meeting. Beneficial owners should contact Continental Stock Transfer & Trust Company at proxy@continentalstock.com on or before 5:00 p.m. Eastern Time on January 16, 2025.
- Q. Does the board recommend voting for the approval of the proposals?**
- A.** Yes. After careful consideration of the terms and conditions of the proposals, the Board of the Company has determined that the Reverse Stock Split Proposal and Adjournment Proposal are fair to and in the best interests of the Company and its stockholders. The Board recommends that the Company’s stockholders vote “FOR” the Reverse Stock Split Proposal and “FOR” the Adjournment Proposal, if presented.
- Q. What interests do the Company’s directors and officers have in the approval of proposals?**
- A.** The Company’s directors, officers and their affiliates have interests in the Reverse Stock Split Proposal that may be different from, or in addition to, your interests as a stockholder. See the section entitled “*The Special Meeting — Interests of the Company’s Directors and Officers.*”
- Q. What if I object to the proposals? Do I have appraisal rights?**
- A.** Company stockholders do not have appraisal rights in connection with the proposals.
- Q. What do I need to do now?**
- A.** The Company urges you to read carefully and consider the information contained in this proxy statement and to consider how the proposals will affect you as a Company stockholder. You should then vote as soon as possible in accordance with the instructions provided in this proxy statement and on the enclosed proxy card.

- Q. How do I vote?**
- A. If you are a holder of record of Company shares of Common Stock, you may vote virtually at the Special Meeting by submitting a ballot during the live webcast or by submitting a proxy for the Special Meeting. Whether or not you plan to attend the Special Meeting, the Company urges you to vote by proxy to ensure your vote is counted. You may submit your proxy by completing, signing, dating and returning the enclosed proxy card in the accompanying pre-addressed postage paid envelope. You may still attend the Special Meeting and vote virtually if you have already voted by proxy.
- If your shares of Common Stock are held in “street name” by a broker or other agent, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Special Meeting. However, since you are not the stockholder of record, you may not vote your shares virtually at the Special Meeting unless you request and obtain a valid proxy from your broker or other agent.
- Q. What should I do if I receive more than one set of voting materials?**
- A. You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards, if your shares are registered in more than one name or are registered in different accounts. For example, if you hold your shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. Please complete, sign, date and return each proxy card and voting instruction card that you receive in order to cast a vote with respect to all of your Company shares.
- Q. Who is paying for this proxy solicitation?**
- A. The Company will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, the Company’s directors and officers may also solicit proxies in person, by telephone or by other means of communication. These parties will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.
- Q. Who can help answer my questions?**
- A. If you have questions about the proposals or if you need additional copies of the proxy statement or the enclosed proxy card you should contact:

DESCRIPTION OF SERIES B STOCK

General

On December 24, 2024, the Company entered into a Purchase Agreement (the “Purchase Agreement”) with Michael James (the “Purchaser”), the Company’s President and Chief Development Officer, pursuant to which the Company issued and sold one share of the Company’s newly designated Series B Preferred Stock, par value \$0.00001 per share (the “Series B Preferred Stock”), to the Purchaser for a purchase price of \$100.00.

Pursuant to the Purchase Agreement, the Purchaser has agreed to cast the votes represented by the share of Series B Preferred Stock on the Reverse Stock Split Proposal described herein in the same proportion as shares of Common Stock of the Company are voted (excluding any shares of Common Stock that are not voted, whether due to abstentions, broker non-votes or otherwise) on such Proposal; provided, that unless and until at least 33-1/3% of the outstanding shares of Common Stock on the record date established for the meeting of stockholders at which such Proposal is presented are present in person or represented by proxy at such meeting, the Purchaser will not vote the share of Series B Preferred Stock on the Proposals.

Prior to the issuance of the Series B Preferred Stock, stockholder approval of the Proposals set forth herein required the affirmative approval of a majority of the voting power of the outstanding shares of Common Stock. Following the issuance of the Series B Preferred Stock, stockholder approval of the Proposals requires affirmative approval from a majority of the voting power of the shares of Common Stock and the share of Series B Preferred Stock, voting together as a single class. The share of Series B Preferred Stock has 20,000,000 votes. The Purchaser will cast the votes represented by the share of Series B Preferred Stock on the Proposals in a manner that mirrors the votes cast by holders of Common Stock on the Reverse Stock Split Proposal. Prior to the issuance of the share of Series B Preferred Stock, abstentions and any other non-votes would have had the same effect as a vote against the Proposals. Following the issuance of the share of Series B Preferred Stock, abstentions and any other non-votes on the Proposals will still technically have the same effect as a vote against such proposal, but because the share of Series B Preferred Stock has a relatively high number of votes and will vote in a manner that mirrors votes actually cast by the holders of Common Stock (which does not include abstentions or any other non-votes), abstentions and any other non-votes will have no effect on the manner in which the Series B Preferred Stock votes are cast.

Certificate of Designation of Preferences Designating the Series A Preferred Stock

On December 23, 2024, in connection with the Purchase Agreement, the Company filed a Certificate of Designation of Preferences, Rights and Limitations of Series B Preferred Stock (the “Series B Certificate of Designation”) with the Secretary of State of the State of Delaware. The Series B Certificate of Designation designates one share of the Company’s preferred stock as Series B Preferred Stock, and establishes and designates the preferences, rights and limitations thereof. The Series B Certificate of Designation became effective upon filing. Pursuant to the Series B Certificate of Designation:

No Convertibility. The share of Series B Preferred Stock is not convertible into, or exchangeable for, shares of any other class or series of stock or other securities of the Company.

No Dividends. The share of Series B Preferred Stock shall not be entitled to receive dividends.

Limited Voting. The share of Series B Preferred Stock will have 20,000,000 votes, but has the right to vote only on the Reverse Split Proposal and until such time as such Proposal is approved by the stockholders, and will have no voting rights except (i) with respect to such Proposal in which its votes are cast for and against such Proposal in the same proportion as shares of Common Stock are voted for and against such Proposal (with any shares of Common Stock that are not voted, whether due to abstentions, broker non-votes or otherwise not counted as votes for or against the Proposal) and (ii) unless the holders of at least 33-1/3% of the outstanding shares of Common Stock are present, in person or by proxy, at the meeting of stockholders at which the Proposals are submitted for stockholder approval (or any adjournment thereof). The share of Series B Preferred Stock will vote together with the Common Stock as a single class on any Proposal. The Series B Preferred Stock has no other voting rights, except as may be required by the General Corporation Law of the State of Delaware.

Rank; Liquidation. Upon a liquidation, bankruptcy, reorganization, merger, acquisition, sale, dissolution or winding up of the Company, whether voluntarily or involuntarily, pursuant to which assets of the Company or consideration received by the Company are to be distributed to the stockholders, the holder of Series B Preferred Stock will be entitled to receive, before any payment is made to the holders of Common Stock by reason of their ownership thereof, an amount equal to \$100.00.

Transfer Restrictions. The Series B Preferred Stock may not be transferred at any time prior to stockholder approval of the Proposals without the prior written consent of the Board.

Redemption. The outstanding share of Series B Preferred Stock will be redeemed in whole, but not in part, for a redemption price of \$100.00, payable out of funds lawfully available therefor, upon the earlier of (i) any time such redemption is ordered by the Company's Board in its sole discretion, automatically and effective on such time and date specified by the Board in its sole discretion, or (ii) automatically immediately following the approval by the stockholders of the Company of all the Proposals.

The foregoing summary of the Series B Certificate of Designation does not purport to be complete and is subject to, and is qualified in its entirety by, the full text of the Series B Certificate of Designation, which is filed as Exhibit 3.1 to the Current Report on Form 8-K filed by our company on December 26, 2024 and is incorporated herein by reference.

THE REVERSE STOCK SPLIT PROPOSAL

On December 20, 2024, the board of directors of the Company (the “Board”) unanimously adopted and declared the advisability of an amendment to the Charter to effect a reverse stock split (the “Reverse Stock Split”) of Company’s issued Common Stock at a ratio in the range of one-for-three to one-for-ten, with the exact ratio within such range to be determined by the Board in its discretion, subject to the Board’s authority to abandon such amendment (the “Reverse Stock Split Proposal”). The Board recommended to stockholders the adoption of this amendment and directed that this amendment be submitted to the Company’s stockholders for approval at the Special Meeting.

The form of the certificate of amendment to the Charter for the reverse stock split (the “Reverse Stock Split Charter Amendment”) is attached as Annex A to this Proxy Statement. If approved and adopted by the stockholders, the amendment to the Charter will become effective upon the filing of the Reverse Stock Split Charter Amendment with the Delaware Secretary of State.

General

By approving this proposal, stockholders will be deemed to have adopted and approved an amendment to our Charter pursuant to which each three shares would be combined into one share of Common Stock. Upon receiving stockholder approval, the Board will have the authority, but not the obligation, in its sole discretion, to elect, without further action on the part of the stockholders, whether to effect the Reverse Stock Split. The Reverse Stock Split Charter Amendment will be filed with the Secretary of State of the State of Delaware. The Company may effect only one reverse stock split in connection with this proposal. The Board may also elect not to effect any Reverse Stock Split.

The Board’s decision as to whether and when to effect the Reverse Stock Split will be based on a number of factors, including market conditions, the historical, then-existing, and expected trading price of our Common Stock, the anticipated impact of the Reverse Stock Split on the trading price of our Common Stock and on the number of holders of our Common Stock, and the continued listing requirements of Nasdaq, as well as on the advice of the Company’s investment banking advisors. Although our stockholders may approve the Reverse Stock Split, we will not effect the Reverse Stock Split if the Board does not deem it to be in the best interests of the Company and its stockholders.

The Reverse Stock Split will be realized simultaneously for all issued shares of our Common Stock. The Reverse Stock Split will affect all holders of Common Stock uniformly and no stockholder’s interest in the Company will be diluted as each stockholder will hold the same percentage of Common Stock outstanding immediately following the Reverse Stock Split as that stockholder held immediately prior to the Reverse Stock Split, except for immaterial adjustments that may result from the treatment of fractional shares of Common Stock as described below.

The Reverse Stock Split Charter Amendment will not reduce the number of authorized shares of our Common Stock (which will remain at 200,000,000 immediately following the Reverse Stock Split) or preferred stock (which will remain at 20,000,000 immediately following the Reverse Stock Split) and will not change the par value of the Common Stock (which will remain at \$0.00001 per share of Common Stock immediately following the Reverse Stock Split).

Because the Reverse Stock Split will decrease the number of issued shares of Common Stock by a ratio in the range of one-for-three to one-for-ten but will not decrease to the number of shares of Common Stock that the Company will be authorized to issue, the Reverse Stock Split Charter Amendment would result in a proportionate increase in the number of authorized and unissued shares of Common Stock available for future issuance by the Company. For more information on the proportionate increase in the number of authorized shares of Common Stock, see “Principal Effects of the Reverse Stock Split — Proportionate Increase in Number of Authorized Shares of Common Stock for Issuance” below.

Purpose and Background of the Reverse Stock Split

The Board believes the Reverse Stock Split is in our stockholders’ best interests for the following reasons:

- The Board believes that effecting the Reverse Stock Split would be the most effective means of maintaining compliance with the Minimum Bid Price Requirement (as defined below) for continued listing of our Common Stock on the Nasdaq Capital Market in the near term;

- The Board believes that continued listing on the Nasdaq Capital Market provides overall credibility to an investment in our stock, given the stringent listing and disclosure requirements of Nasdaq listing exchanges;
- The Board believes that effecting the Reverse Stock Split could support the Company’s present capital needs;
- The Board believes that a higher stock price, which may be achieved through a Reverse Stock Split, could help generate investor interest in the Company and help attract, retain, and motivate employees; and
- The Board believes that some potential employees are less likely to work for the Company if we have a low stock price or are no longer listed on the Nasdaq Capital Market, irrespective of the size of our overall market capitalization.

Nasdaq Requirements for Continued Listing

The rules of The Nasdaq Stock Market LLC (“*Nasdaq*”) state that the price of a listed company’s Common Stock must remain above \$1.00 in accordance with Nasdaq Listing Rule 5550(a)(2) (the “*Minimum Price Requirement*”). If such price should fall below the Minimum Bid Price Requirements for a prescribed period of time, Nasdaq has the right to implement a delisting process. Given the current market price of our Common Stock, we seek to increase same through the proposed Reverse Stock Split.

As of December 27, 2024, the last sale price of our Common Stock on Nasdaq was \$0.961 per share. A decrease in the number of issued shares of Common Stock resulting from the Reverse Stock Split should, absent other factors, cause the per share market price of our Common Stock to trade above the required price. However, we cannot provide any assurance that (i) we will maintain compliance with the Minimum Bid Price Requirement, or other listing requirements, of the Nasdaq Capital Market or (ii) even if we do, that our minimum bid price would remain over the Minimum Bid Price Requirement of the Nasdaq Capital Market following the Reverse Stock Split. The Reverse Stock Split we believe would also allow our company to more readily raise additional equity capital, which would assist in the Company maintaining compliance with the Listed Securities Value Minimum requirements described above.

Increased Credibility as a result of continued listing on Nasdaq

The Board believes that continued listing on The Nasdaq Capital Market provides overall credibility to an investment in our stock, given the stringent listing and disclosure requirements of Nasdaq listing exchanges. If our Common Stock is delisted from the Nasdaq Capital Market, we cannot assure that our Common Stock would be listed on another national securities exchange, a national quotation service or the over-the-counter markets. Delisting from the Nasdaq Capital Market, or even the issuance of a notice of potential delisting, would also result in negative publicity, make it more difficult for us to raise additional capital, adversely affect the market liquidity of our securities, decrease securities analysts’ coverage of us or diminish investor, supplier and employee confidence.

Ability to Meet Present Capital Needs and Future Anticipated Growth

As discussed below under the caption “*Principal Effects of the Reverse Stock Split — Proportionate Increase in Number of Authorized Shares of Common Stock for Issuance*” the Reverse Stock Split will have the effect of increasing the number of shares of Common Stock that we are authorized to issue. The availability of additional shares of Common Stock may provide us with the flexibility to consider and respond to future business opportunities and needs as they arise, including public or private financings, subscription rights offerings, mergers, acquisitions, stock dividends, stock splits and the granting of equity incentive awards. The Reverse Stock Split may permit us to undertake certain of the foregoing actions without the delay and expense associated with holding a meeting of stockholders to obtain stockholder approval each time such an opportunity arises that would require the issuance of shares of Common Stock.

We do not intend to use the Reverse Stock Split as a part of or a first step in a “going private” transaction within the meaning of Rule 13e-3 of the Exchange Act. There is no plan or contemplated plan by us to take ourselves private at the date of this Proxy Statement.

Potential Increase in Investor Interest

Our Board also believes that the Reverse Stock Split and any resulting increase in the per share price of our Common Stock may enhance the acceptability and marketability of our Common Stock to the financial community and investing public, and thus could encourage increased investor interest and promote greater liquidity for our stockholders.

In the event that our Common Stock were to be delisted from The Nasdaq Capital Market, our Common Stock would likely trade in the over-the-counter (“*OTC*”) market. If our Common Stock were to trade on the OTC market, selling our Common Stock could be more difficult because smaller quantities of shares would likely be bought and sold, and transactions could be delayed. In addition, many brokerage houses and institutional investors have internal policies and practices that prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers, further limiting the liquidity of our Common Stock. These factors could result in lower prices and larger spreads in the bid and ask prices for our Common Stock. Additionally, investors may be dissuaded from purchasing lower priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. Moreover, the analysts at many brokerage firms do not monitor the trading activity or otherwise provide coverage of lower priced stocks. A greater price per share of Common Stock could allow a broader range of institutions to invest in our Common Stock. For all of these reasons, the Board believes that the Reverse Stock Split may increase the marketability, trading volume, and liquidity of our Common Stock.

Reducing the number of issued shares of Common Stock through the Reverse Stock Split is intended, absent other factors, to increase the per share trading price of our Common Stock. However, other factors, such as our financial results and financial outlook and investor perception of our future prospects, as well as general market and economic conditions, among many factors, may positively or negatively affect the trading price of our Common Stock. Therefore, even if the Reverse Stock Split is effected, the trading price of our Common Stock may not increase to a level we may have expected following the Reverse Stock Split or, if it does, the trading price of our Common Stock may decrease in the future. Additionally, the trading price per share of Common Stock after the Reverse Stock Split may not increase in proportion to the reduction in the number of shares of Common Stock issued before the Reverse Stock Split. Accordingly, the total market capitalization of our Common Stock after the Reverse Stock Split may be lower than the total market capitalization before the Reverse Stock Split.

Employee Retention

The Board believes that the Company’s employees and directors who are compensated in the form of our equity-based securities may be less incentivized and invested in the Company if we are no longer listed on the Nasdaq Capital Market. Accordingly, the Board believes that maintaining Nasdaq listing qualifications for our Common Stock, can help attract, retain, and motivate employees and members of our Board.

Board Discretion to Implement the Reverse Stock Split

By approving this proposal, stockholders will give our Board authority, but not the obligation, to effect the Reverse Stock Split, which our Board believes allows it to act in the best interests of the Company and our stockholders.

In determining whether to implement the Reverse Stock Split following receipt of stockholder approval of the Reverse Stock Split Proposal our Board may consider, among other things, factors such as:

- the historical trading price and trading volume of our Common Stock;
- the then-prevailing trading price and trading volume of our Common Stock and the anticipated impact of the Reverse Stock Split on the trading market for our Common Stock;
- prevailing general market and economic conditions;
- any threshold prices of brokerage houses or institutional investors that could impact their ability to invest or recommend investments in our Common Stock; and
- compliance with the Minimum Bid Price Requirement.

If the proposed Reverse Stock Split is effected, then the number of issued shares of our Common Stock would be reduced. Our Board has reserved the right to abandon the amendment at any time before the effectiveness of the filing of the Reverse Stock Split Charter Amendment with the Delaware Secretary of State, even if the adoption of the amendment is approved by the stockholders. Thus, the Board, at its discretion, may cause the filing of the Reverse Stock Split Charter Amendment (following stockholder approval) to effect the Reverse Stock Split or abandon the amendment and not effect the Reverse Stock Split if it determines that any such action is or is not in the best interests of our Company and stockholders.

Prior to filing the amendment to the Reverse Stock Split Charter Amendment, we must first notify Nasdaq of the anticipated record date of the Reverse Stock Split at least five business days prior to same.

Consequences of Not Obtaining Stockholder Approval of the Reverse Stock Split

If we do not obtain stockholder approval of the Reverse Stock Split and we are unable to satisfy the listing requirements for the Nasdaq Capital Market, we may be delisted from the exchange. If stockholder approval for the Reverse Stock Split is not obtained, the number of shares of Common Stock that are issued will not change and the anticipated benefits of the Reverse Stock Split described above will not be achieved.

Principal Effects of the Reverse Stock Split

Issued Shares of Common Stock

If the Reverse Stock Split is approved and effected, each holder of our Common Stock outstanding immediately prior to the effectiveness of the Reverse Stock Split will own a reduced number of shares of Common Stock upon effectiveness of the Reverse Stock Split. For example, if we implement a one-for-five reverse stock split, a stockholder holding 50,000 shares of Common Stock before the reverse stock split would instead hold 10,000 shares of Common Stock immediately after the Reverse Stock Split. The Reverse Stock Split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests in the Company, except to the extent that the Reverse Stock Split results in any of our stockholders receiving fair value in cash of any fractional shares they would otherwise be entitled to as a result of the Reverse Stock Split. No fractional shares of Common Stock will be issued as a result of the Reverse Stock Split. Instead, in lieu of any fractional shares to which a stockholder of record would otherwise be entitled as a result of the Reverse Stock Split, we will pay cash based on fair market value of same. After the Reverse Stock Split, the shares of Common Stock will have the same voting rights and rights to dividends and distributions and will be identical in all other respects to our Common Stock now authorized. Common Stock issued pursuant to the Reverse Stock Split will remain fully paid and non-assessable. The Reverse Stock Split will not affect the Company continuing to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended (the "*Exchange Act*").

Authorized Shares of Common Stock for Issuance

The Reverse Stock Split will not reduce the number of authorized shares or the par value of our capital stock, which will remain at 200,000,000 shares of Common Stock, par value \$0.00001 per share, and 20,000,000 shares of preferred stock, par value \$0.00001 per share (collectively our "*Capital Stock*"). The number of shares of our outstanding Series A preferred stock will not be effected (but the number of shares of Common Stock issuable upon conversion thereof in the circumstances prescribed thereby will be reduced pro ratably). Similarly, the number of shares authorized for future grant under our 2022 Equity Incentive Plan will remain at 8,000,000 shares (although all restricted shares and options and other awards granted prior to the date of the Reverse Stock Split shall be reduced in accordance with the terms of the Reverse Stock Split exactly the same as other shares of our outstanding Common Stock).

Although the number of authorized shares of Capital Stock will not change as a result of the Reverse Stock Split, the number of shares of our Common Stock issued and outstanding will be reduced in proportion to the ratio selected by the Board. Thus, the Reverse Stock Split will effectively increase the number of authorized and unissued shares of Common Stock available for future issuance by the amount of the reduction effected by the Reverse Stock Split.

If the proposed Reverse Stock Split amendments are approved, all or any of the authorized and unissued shares of Common Stock may be issued in the future for such corporate purposes and such consideration as the Board deems advisable from time to time, without further action by the stockholders of our Company and without first offering such shares to our stockholders. When and if additional shares of Common Stock are issued, these new shares would have the same voting and other rights and privileges as the currently issued and outstanding shares of Common Stock, including the right to cast one vote per share.

The Company regularly considers its capital requirements and may conduct equity offerings in the future. Because our stockholders have no preemptive rights to purchase or subscribe for any of our unissued shares of Common Stock, the future issuance of additional shares of Common Stock will reduce our current stockholders' percentage ownership interest in the total outstanding shares of Common Stock. In the absence of a proportionate increase in our future earnings and book value, an increase in the number of our outstanding shares of Common Stock would dilute our projected future earnings per share, if any, and book value per share of all our outstanding shares of Common Stock. If these factors were reflected in the price per share of Common Stock, the potential realizable value of a stockholder's investment could be adversely affected. An issuance of additional shares could therefore have an adverse effect on the potential realizable value of a stockholder's investment.

Certain Risks

After the effective time of the amendment to our Charter, each stockholder will own fewer shares of outstanding Common Stock as a result of the Reverse Stock Split.

A reverse stock split could result in a significant devaluation of our market capitalization and the trading price of our Common Stock.

We cannot assure you that the Reverse Stock Split, if implemented, will increase the market price of our Common Stock in proportion to the reduction in the number of issued shares of Common Stock or result in a permanent increase in the market price. Accordingly, the total market capitalization of our Common Stock after the Reverse Stock Split may be lower than the total market capitalization before the Reverse Stock Split and, in the future, the market price of our Common Stock following the Reverse Stock Split may not exceed or remain higher than the market price prior to the Reverse Stock Split.

The effect the Reverse Stock Split may have upon the market price of our Common Stock cannot be predicted with any certainty, and the history of similar reverse stock splits for companies in similar circumstances to ours is varied. The market price of our Common Stock is dependent on many factors, including our business and financial performance, general market conditions, prospects for future success and other factors detailed from time to time in the reports we file with the SEC. If the Reverse Stock Split is implemented and the market price of our Common Stock declines, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of the Reverse Stock Split.

The Reverse Stock Split may result in some stockholders owning "odd lots" that may be more difficult to sell or require greater transaction costs per share to sell.

The Reverse Stock Split may result in some stockholders owning "odd lots" of less than 100 shares of Common Stock on a post-split basis. These odd lots may be more difficult to sell, or require greater transaction costs per share to sell, than shares in "round lots" of even multiples of 100 shares of Common Stock.

The reduced number of shares of Common Stock resulting from a reverse stock split could adversely affect the liquidity of our Common Stock.

Although the Board believes that the decrease in the number of shares of Common Stock issued as a consequence of the Reverse Stock Split and the anticipated increase in the market price of Common Stock could encourage interest in our Common Stock and possibly promote greater liquidity for our stockholders, such liquidity could also be adversely affected by the reduced number of shares issued after the reverse stock split.

Anti-Takeover and Dilutive Effects

The purpose of maintaining our authorized but unissued Common Stock at 200,000,000 after the Reverse Stock Split is to facilitate our ability to issue additional shares of Common Stock to execute our business plan, not to establish any barriers to a change of control or acquisition of the Company. Shares of Common Stock that are authorized but unissued provide the Board with flexibility to effect, among other transactions, public or private financings, subscription rights offerings, mergers, acquisitions, stock dividends, stock splits and the granting of equity incentive awards. However, the increase in the number of shares of Common Stock available for issuance could, under certain circumstances, be construed as having an anti-takeover effect.

Our Board did not propose this Reverse Stock Split in response to any effort known to the Board to accumulate Common Stock or to obtain control of our Company by means of a merger, tender offer or solicitation in opposition to management. In addition, this proposal is not part of any plan by management to recommend a series of similar amendments to our stockholders. Finally, except as described in this Proxy Statement, our Board does not currently contemplate recommending the adoption of any other amendments to our Charter that could be construed as affecting the ability of third parties to take over or change the control of our Company.

In addition, the issuance of additional shares of Common Stock for any of the corporate purposes listed above could have a dilutive effect on earnings per share of Common Stock and the book or market value of our outstanding Common Stock, depending on the circumstances, and would likely dilute a stockholder's percentage voting power in the Company. Holders of Common Stock are not entitled to preemptive rights or other protections against dilution.

Effect on Beneficial Stockholders

If you hold shares of Common Stock in "street name" through an intermediary, we will treat your Common Stock in the same manner as stockholders whose shares of Common Stock are registered in their own names. Intermediaries will be instructed to effect the Reverse Stock Split for their customers holding Common Stock in street name; however, these intermediaries may have different procedures for processing a reverse stock split. If you hold shares of Common Stock in street name, we encourage you to contact your intermediaries.

Registered "Book-Entry" Holders of Common Stock

If you hold shares of Common Stock electronically in book-entry form with our transfer agent, you do not currently have and will not be issued stock certificates evidencing your ownership after the reverse stock split, and you do not need to take action to receive post-reverse stock split shares. If you are entitled to post-reverse stock split shares, a transaction statement will automatically be sent to you indicating the number of shares of Common Stock held following the reverse stock split.

Effect on Registered Stockholders Holding Certificates

As soon as practicable after the Reverse Stock Split, our transfer agent will mail transmittal letters to each stockholder holding shares of Common Stock in certificated form. The letter of transmittal will contain instructions on how a stockholder should surrender his or her certificate(s) representing shares of Common Stock (the "*Old Certificates*") to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-reverse stock split Common Stock (the "*New Certificates*"). No New Certificates will be issued to a stockholder until such stockholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No stockholder will be required to pay a transfer or other fee to exchange his or her Old Certificates. Stockholders will then receive a New Certificate(s) representing the number of whole shares of Common Stock that they are entitled as a result of the reverse stock split. Until surrendered, we will deem outstanding Old Certificates held by stockholders to be cancelled and to represent only the number of whole shares of post-reverse stock split Common Stock to which these stockholders are entitled plus the right to receive in cash the fair value the holder may be entitled to for fractional shares. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates.

Procedure for Effecting the Reverse Stock Split

If our stockholders adopt and approve this proposal, and the Board elects to effect the Reverse Stock Split, we plan to effect the Reverse Stock Split by filing the Reverse Stock Split Charter Amendment with the Delaware Secretary of State. The Reverse Stock Split will become effective, and the combination of, and reduction in, the number of our issued shares of Common Stock as a result of the Reverse Stock Split will occur automatically, at the time of the filing of the Reverse Stock Split Charter Amendment (referred to as the “*effective time*”), without any action on the part of our stockholders and without regard to the date that stock certificates representing any certificated shares of Common Stock prior to the Reverse Stock Split are physically surrendered for new stock certificates. Beginning at the effective time, each certificate representing pre-Reverse Stock Split shares will be deemed for all corporate purposes to evidence ownership of post-Reverse Stock Split shares.

The Board reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Reverse Stock Split if, at any time prior to filing the Reverse Stock Split Charter Amendment, the Board, in its sole discretion, determines that it is no longer in the best interests of the Company and its stockholders to proceed with the Reverse Stock Split. By voting in favor of the Reverse Stock Split, you are also expressly authorizing the Board to delay or abandon the Reverse Stock split.

Stockholders should not destroy any stock certificate(s) and should not submit any certificate(s) until they receive a letter of transmittal from our transfer agent.

Certain Material U.S. Federal Income Tax Consequences of the Reverse Stock Split

The following is a summary of certain material United States federal income tax consequences of the Reverse Stock Split to our stockholders. This summary does not purport to be a complete discussion of all of the possible United States federal income tax consequences of the Reverse Stock Split and is included for general information only. Further, it does not address any state, local or foreign income or other tax consequences. Also, it does not address the tax consequences to stockholders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. Other stockholders may also be subject to special tax rules, including but not limited to: stockholders that received Common Stock as compensation for services or pursuant to the exercise of an employee stock option, or stockholders who have held, or will hold, stock as part of a straddle, hedging or conversion transaction for United States federal income tax purposes. This summary also assumes that you are a United States holder (defined below) who has held, and will hold, shares of Common Stock as a “capital asset,” as defined in the Internal Revenue Code of 1986, as amended (the “*Code*”), i.e., generally, property held for investment. Finally, the following discussion does not address the tax consequences of transactions occurring prior to or after the Reverse Stock Split (whether or not such transactions are in connection with the Reverse Stock Split), including, without limitation, the exercise of options or rights to purchase Common Stock in anticipation of the Reverse Stock Split.

The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. You should consult with your own tax advisor with respect to the tax consequences of the Reverse Stock Split. As used herein, the term United States holder means a stockholder that is, for United States federal income tax purposes: a citizen or resident of the United States; a corporation or other entity taxed as a corporation created or organized in or under the laws of the United States or any state, including the District of Columbia; an estate the income of which is subject to federal income tax regardless of its source; or a trust that (i) is subject to the primary supervision of a U.S. court and the control of one or more U.S. persons or (ii) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

The following discussion is based on the Internal Revenue Code, applicable Treasury Regulations, judicial authority and administrative rulings and practice, all as of the date hereof. The Internal Revenue Service could adopt a contrary position. In addition, future legislative, judicial or administrative changes or interpretations could adversely affect the accuracy of the statements and conclusions set forth herein. Any such changes or interpretations could be applied retroactively and could affect the tax consequences described herein. No ruling from the Internal Revenue Service or opinion of counsel has been obtained in connection with the Reverse Stock Split.

For United States federal income tax purposes, a United States holder generally should not recognize gain or loss upon such stockholder’s exchange of pre-Reverse Stock Split shares of Common Stock for post-Reverse Stock Split shares of Common Stock pursuant to the Reverse Stock Split. The aggregate tax basis of the post-Reverse Stock Split

shares received in the Reverse Stock Split will be the same as the stockholder's aggregate tax basis in the pre-Reverse Stock Split shares exchanged therefor. The stockholder's holding period for the post-Reverse Stock Split shares will include the period during which the stockholder held the pre-Reverse Stock Split shares surrendered in the Reverse Stock Split.

THE PRECEDING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL POTENTIAL TAX EFFECTS RELEVANT THERETO. YOU SHOULD CONSULT YOUR OWN TAX ADVISORS AS TO THE PARTICULAR UNITED STATES FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT IN LIGHT OF YOUR SPECIFIC CIRCUMSTANCES.

Accounting Matters

The par value of the Common Stock will remain unchanged at \$0.00001 per share of Common Stock after the Reverse Stock Split. As a result, our stated capital, which consists of the par value per share of the Common Stock multiplied by the aggregate number of shares of Common Stock issued and outstanding, will be reduced proportionately at the effective time of the Reverse Stock Split. Correspondingly, our additional paid-in capital, which consists of the difference between our stated capital and the aggregate amount paid to us upon the issuance of all currently outstanding shares of Common Stock, will be increased by a number equal to the decrease in stated capital. Further, net loss per share, book value per share and other per share amounts will be increased as a result of the Reverse Stock Split because there will be fewer shares of Common Stock outstanding.

The Board recommends that stockholders vote "FOR" the approval of the Reverse Stock Split Proposal.

In addition to our Bylaws, a stockholder shall also comply with all applicable requirements of state law and of the Exchange Act, and the rules and regulations thereunder. “FOURTH. The total number of shares of all classes of stock which the Corporation shall have authority to issue is 220,000,000 shares, consisting of (i) 200,000,000 shares of Common Stock, \$0.00001 par value per share (“Common Stock”), and (ii) 20,000,000 shares of Preferred Stock, \$0.00001 par value per share (“Preferred Stock”). Upon the effective time (the “Effective Time”) of the filing of this Certificate of Amendment, each _____ (the “Reverse Split Factor”) shares of Common Stock issued and outstanding at such time shall be combined into one (1) share of Common Stock (the “Reverse Stock Split”). The par value of the Common Stock following the Reverse Stock Split shall remain at \$0.00001 per share. No fractional shares will be issued in connection with the Reverse Stock Split. In lieu of any fractional shares to which a stockholder would otherwise be entitled as a result of the Reverse Stock Split, we will pay cash based on the fair market value of same. Each certificate that immediately prior to the Effective Time represented shares of Common Stock (an “Old Certificate”) shall thereafter represent that number of shares of Common Stock into which the shares of Common Stock represented by the Old Certificate shall have been combined pursuant to the Reverse Stock Split, subject to the elimination of fractional interests as described above. The Board of Directors of the Corporation is expressly granted authority to issue shares of the Preferred Stock in one or more series and to fix for each such series such voting powers, full or limited, and such designations, preferences and relative, participating, optional or other special rights and such qualifications, limitations or restrictions thereof as shall be stated and expressed in the resolution or resolutions adopted by the Board of Directors providing for the issue of such series (a “Preferred Stock Designation”) and as may be permitted by the GCL. The number of authorized shares of Preferred Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the voting power of all of the then outstanding shares of the capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, without a separate vote of the holders of the Preferred Stock, or any series thereof, unless a vote of any such holders is required pursuant to any Preferred Stock Designation.”

FOURTH: This Certificate of Amendment to the Existing Certificate was duly approved and adopted, pursuant to the provisions of Section 242 of the DGCL, by unanimous written consent of the Board, and was duly approved and adopted by written consent of the holders of the requisite majority of the outstanding Common Stock of the Corporation in accordance with Section 228 of the DGCL.

IN WITNESS WHEREOF, this Certificate of Amendment to the Certificate of Incorporation of LuxUrban Hotels Inc. has been executed by the Chief Financial Officer of this Corporation on this __ day of _____, 2025.
